Statement

This non-provisional application was filed on July 9, 2003, at which time a Request for Non-Publication was simultaneously filed. The assignee and their respective counsel filed a foreign application on December 18, 2004 in Europe as a divisional of a previously-filed European application. That European divisional application claimed subject matter contained in the present application. During a recent review of the file of the present application, applicant's attorney realized that a Request to Rescind Non-Publication Request was never filed. The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional.
